KOMSTUDY

Japanese Language and Cultural Program

(June 21, 2024–July 14, 2024)

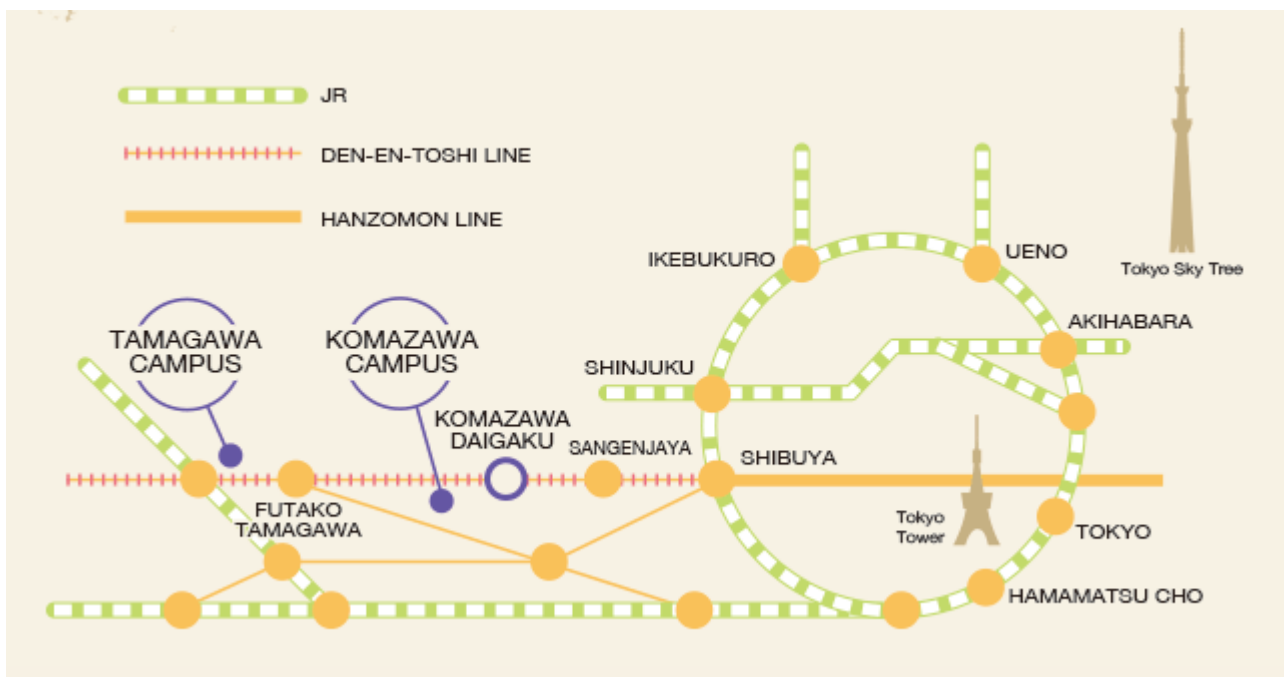

KOMAZAWA UNIVERSITY

History and Overview

Komazawa University is a university with roots in the Soto Zen sect, one of the two Zen sects in Japan, and its history dates back to the late 16th century. Currently, it has around 14,000 students enrolled, offering seven faculties and nine graduate schools.

Komazawa University is located near the center of Tokyo, the capital of Japan. Tokyo is the political, economic, social, and cultural hub of Japan, and it is also highly renowned as an international metropolis. Tokyo boasts numerous train, subway, and bus routes, facilitating easy and comfortable access to shopping and dining locations.

Komazawa University is situated just 6 kilometers southeast of Shibuya, which is one of the largest commercial districts in Tokyo. In contrast to the liveliness of Shibuya, the campus maintains a very quiet and calm atmosphere. One of the reasons is that Komazawa University is adjacent to the expansive Komazawa Olympic Park, where various trees and plants flourish. Komazawa University is precisely situated in an area that combines the vibrancy and sophisticated atmosphere of Tokyo.

KOMSTUDY

It also provides an excellent opportunity with students who have already studied Japanese but not yet visited Japan.

●Language

Japanese and English

*Japanese language classes will be conducted in Japanese. English will be used as a supplementary language for explanations and support.

*This program is open to students who have not studied Japanese and those who do not speak English.

Japanese Language Classes

In Japanese language classes, two levels are offered: Introductory Level and Elementary to Pre-Intermediate Level. Participants are assigned to classes based on their declared proficiency level at the time of program application. Both classes are designed to enhance all four Japanese language skills – listening, speaking, reading, and writing.

Importantly, the content is closely related to Japanese culture and the educational field trips. For example, some Japanese language classes cover pre- and post-learning for the educational field trip, contributing to a comprehensive understanding of Japanese language and culture throughout the program. Classes are led by experienced instructors, and in some cases, by Komazawa University students who have experience studying abroad support their study. Even if participants have concerns about the language, with KU students' support, they will undoubtedly feel improvement in your Japanese language skills.

Grades are determined based on various aspects such as class attendance, attitude towards learning, essay writing and speeches.

After completing the program, participants receive a certificate of completion and a transcript. Credit recognition after completion is subject to the standards of the participants' respective universities.

Japanese cultural experience

In the Japanese cultural experience, participants will engage in activities such as tea ceremony (Sado), calligraphy (Shodo), Karate and Zazen (Zen meditation). The tea ceremony and calligraphy practices are held in the renowned Japanese-style building called the "Nihonkan" which has a Japanese garden. Under the guidance of the university's tea ceremony and calligraphy clubs, participants will have the opportunity to experience the traditional Japanese arts of tea ceremony and calligraphy.

For the Karate experience, Karate club will provide instruction on Karate basics and movements. Komazawa University is known as one of the strong universities for karate in Japan, and participants can learn authentic karate directly from the instructors and club members.

Zazen experience is a unique program offered by Komazawa University, rooted in the Soto Zen sect. Zazen involves sitting quietly in the correct posture to calm the mind, representing a fundamental practice in Zen Buddhism. In the dedicated meditation hall at Komazawa University, participants will learn the principles and correct movements of zazen before the Zazen practice.

In addition, there is a day designated for participants to freely explore and engage in sightseeing and activities in groups with Komazawa University students.

Educational Field Trip

On June 26th (Wed) and July 2nd (Tue), we will be organizing educational field trips. On June 26, we will explore the city by train in the afternoon. From the train window, you will have the opportunity to observe Tokyo's world-renowned skyscrapers. Experience the

unique blend of urban sophistication and traditional Japanese culture!

On July 2, we will embark on a bus tour to Kamakura. Kamakura was a city that served as the political center of Japan during the medieval period, and it has preserved numerous cultural heritage sites to the present. Additionally, in July, Kamakura is also known for its hydrangea season, attracting a large number of tourists from both within and outside the country.

Homestay

During the program period, participants will engage in homestay. Breakfast and dinner will be provided every day. The commute time to Komazawa University is approximately 60 minutes by train.

Through homestay, participants not only have ample exposure to the Japanese language but also get to experience Japan's cuisine culture and lifestyle. The host family, as a "Japanese family," will likely become an irreplaceable presence even after the program finishes.
