## KOMAZAWA UNIVERSITY KOMSTUDY

Japanese Language and Cultural Program  
(4 weeks: June 14, 2026-July 12, 2026)  
(3 weeks: June 21, 2026-July 12, 2026)

# KOMAZAWA UNIVERSITY

## History and Overview

Komazawa University is a university with roots in the Soto Zen sect, one of the main Zen sects in Japan, and its history dates back to the late 16th century. Currently, it has around 14,500 students enrolled, offering seven faculties and nine graduate schools.

Komazawa University is located near the center of Tokyo, the capital of Japan. Tokyo is the political, economic, social, and cultural hub of Japan, and it is also highly renowned as an international metropolis. Tokyo boasts numerous train, subway, and bus routes, facilitating easy and comfortable access to shopping and dining locations.

Komazawa University is situated just 6 kilometers southeast of Shibuya, which is one of the largest commercial districts in Tokyo. In contrast to the liveliness of Shibuya, the campus maintains a very quiet and calm atmosphere. One of the reasons for this is that Komazawa University is adjacent to the expansive Komazawa Olympic Park, where various trees and plants flourish. Komazawa University is located in an area that combines the vibrancy and sophisticated atmosphere of Tokyo.

# KOMSTUDY

**KOMSTUDY is designed for students from partner universities of Komazawa University.**

## Overview

KOMSTUDY is a Japanese language and culture program organized by Komazawa University, with a track record of over 30 past implementations. Participants engage in a three-week program that includes Japanese language classes, cultural experiences, and field trips, contributing to a deeper understanding of the Japanese language and culture. This program is open to students who have never studied Japanese, with a focus on stimulating further interest in Japan. It also provides an excellent opportunity for students who have already studied Japanese, but have not yet visited Japan.

Throughout the program, many Komazawa University students actively support participants during Japanese language classes and cultural experiences. Program feedback shows that spending a significant amount of time with Komazawa University students is one of the most appealing aspects of KOMSTUDY, enabling participants to make friends with Japanese students during the program.

## Japanese Language Classes

We offer Japanese language classes ranging from introductory to pre-intermediate levels. Participants are assigned to classes based on their declared proficiency level at the time of program application. All classes are designed to enhance all four Japanese language skills – listening, speaking, reading, and writing.

Importantly, the content is closely related to Japanese culture and the field trip. For example, some Japanese language classes cover pre-learning for the field trip, contributing to a comprehensive understanding of Japanese language and culture throughout the program. Classes are led by experienced instructors, and in some cases, with Komazawa University students. Even if participants have concerns about the language, with Komazawa University students' support, they will undoubtedly feel improvement in their Japanese language skills.

Grades are determined based on various aspects such as class attendance, attitude towards learning, and speeches. At the farewell party held at the end of the program, participants give group presentations to showcase the program's outcomes.

After completing the program, participants receive a certificate of completion and a transcript. Credit recognition after completion is subject to the standards of the participants' respective universities.

## Japanese Cultural Experience

In the Japanese cultural experience, participants engage in activities such as tea ceremony (*Sado*), calligraphy (*Shodo*), Karate and *Zazen* (Zen meditation). The tea ceremony and calligraphy practices are held in the renowned Japanese-style building called the "Nihonkan" which has a Japanese garden. Under the guidance of the university's tea ceremony and calligraphy clubs, participants have the opportunity to experience the traditional Japanese arts of tea ceremony and calligraphy.

For the Karate experience, the university's Karate club provides instruction on Karate basics and movements. Komazawa University is recognised in Japan for having a strong karate program, and participants can learn authentic karate directly from the instructor and club members.

*Zazen* experience is a unique program offered by Komazawa University, which is rooted in the Soto Zen sect. *Zazen* involves sitting quietly in the correct posture to calm the mind, representing a fundamental practice in Zen Buddhism. In the dedicated meditation hall at Komazawa University, participants learn the principles and correct posture of *Zazen* before the *Zazen* practice.

## Field Trip

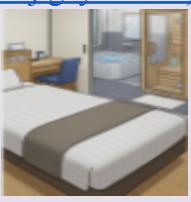

On July 1st and 2nd, the participants go on a field trip. During the trip, they visit the area around Mount Fuji, the highest and most famous mountain in Japan. They have the opportunity to experience the rich natural environment and the unique atmosphere of Japan.

On the first day, participants visit Oshino Hakkai and Oishi Park, both offering stunning views of Mount Fuji. Additionally, they enjoy Hoto noodles and have the opportunity to create their own original scent bag. In the evening, they stay at a traditional Japanese inn, relax with a soothing soak in the hot springs, and savor a delicious dinner (two people per room).

On the second day, participants board an amphibious vehicle called KABA (which means 'hippopotamus') and enjoy a cruise on a lake near Mount Fuji. Afterward, they take a bus up to the 5th Station of Mount Fuji. In the afternoon, participants have free time at Gotemba Premium Outlets, one of the largest shopping malls in Japan, where they can have lunch and enjoy shopping at their leisure.

Based on this information, every effort is made to match students with host families as closely as possible. However, it cannot be guaranteed that all of the participant's requested preferences are met.

Throughout the entire program, participants generally live under the same host family. Except for complaints based on problems with the host family, changes in homestay arrangements are not permitted. Additionally, participants may be removed from the homestay without notice if they engage in inappropriate behavior or intentional harm or if they are unable to meet the expectations of the host family.
